VM Art Gallery is proud to announce its 15th Emerging Talent Exhibition. The show will open on the 28th of February 2019 at 5pm and will continue until the 25th March, 2019.

For the past thirty-one years the VM Art Gallery has been instrumental in promoting art and culture. The Gallery focuses on encouraging young graduates in visual arts from across the nation's art institutions and the Emerging Talent Exhibition serves as a platform for these young graduates to showcase thesis works in a unique month long exhibition. Many of the graduates featured in the Emerging Talent Exhibition have gone on to become Pakistan's most prominent artists.

The Emerging Talent Exhibition is a VM Art Gallery signature event and the highlight of the Gallery's curatorial calendar. Developed in 2003, the Emerging Talent Exhibition was the first of its kind, showcasing fresh graduate works from all over the country under one roof. The exhibition serves multiple purposes, highlighting different bodies of artwork, comparing levels of instructions being imparted in our art institutions and catapulting emerging artists into mainstream art activities.

In its 15th season, the Exhibition has remained a one of a kind event, catering to both seasoned and young collectors.
