RANGON KI LEHR

Volume II

VM Art Gallery is proud to present “Rangon ki Lehr”, an exhibition in partnership with KDSP celebrating the talent and creativity of resilient artists with Down Syndrome. The exhibition will open on Saturday, 27th April from 11am to 7pm and continue till May 4th, 2024.

"Rangon ki Lehr," where every brushstroke narrates a story of boundless resilience, creativity, and imagination. Each painting on display showcases the remarkable artistic talent of individuals with Down syndrome, aged 11 years and above, who are part of KDSP- A Down Syndrome Organization. The collection reflects KDSP's vision to empower artists with Down syndrome and promote inclusion in the arts. This journey immerses you in a world where every hue reflects the artists' unrestrained and joyous spirit. While you explore through the tumultuous and fiery dimensions yet sometimes gentle and innocent patches, take a pause and feel the world that exists in the artists' minds which they poured onto these canvases as a true reflection of the depths of their existence and the beauty found within their fragility. Each painting, crafted with love and passion, reminds us that creativity knows no bounds.

Join us in celebrating their talent where the true essence of art transcends barriers and touches the soul.
