VM ART GALLERY

Plasticity

ARIF HUSSAIN KHOKHAR

VM Art Gallery is pleased to present '*Plasticity*', a group exhibition curated by Arif Hussain Khokhar, showcasing works by a diverse group of established and emerging artists exploring varied approaches to the theme.

Curatorial Note:

Mediums of expression always bring forth the sophistication of the subjectivity they embody and undertake an audacious engagement with methods of application. The term '*Plasticity*' therefore distinguishes the variation in execution adopted in this particular group exhibition, which is exclusively based on painting and miniature painting by contemporary artists from across Pakistan. It establishes their deeply felt and contemplated associations through experiential visuals, while conceptually engaging with a variety of surfaces to critically explore how technically this practice goes beyond mere adaptation.
